

# Merger of Llanedeyrn Health Centre and Llanrumney Medical Group

---

## **Forming Llan Healthcare**

With effect from 1<sup>st</sup> October 2017 Llanedeyrn Health Centre and Llanrumney Medical Group will merge to form a single practice called **Llan Healthcare**. We are committed to keeping all that is good and most valued about both practices whilst maximising the benefits of working as a single organisation.

Every member of staff is committed to making healthcare for our patients the best it can be, and it is our combined view of the medical team across both practices that the merger will be positive for patient care. The merger will enable Llan Healthcare to thrive and provide the facilities and services our patients deserve.

We will continue to operate from the two existing premises, with doctors working across both sites. We believe that this will provide an improved patient experience with greater access to appointments and services across both sites.

We understand that you may have concerns about this change, and we have prepared a [frequently asked questions](#) document to explain how the change may affect you in more detail, however your views are important to us and we would invite you to share your views via a patient survey that can be accessed online at <https://www.surveymonkey.co.uk/r/WC57V9W> or if you prefer paper copies are available in both practices.

You can also come and meet members of the team and ask questions at our patient engagement event on 28 September 2017 at Llanrumney Hub, Countisbury Ave, between 1 – 3pm

Please follow our Facebook pages and website links to ensure you are receiving any up to date information, updated FAQ and for links to the online survey.
